-------------------------------------	-----	----

*(i.e. a climber, digger, gate opener, jumps fences) If yes, please describe: _____

Additional Comments/Questions: _____

Due to the nature of daycamp, dogs must be absolutely non-aggressive toward other dogs and people. Spayed and neutered dogs generally do better in group play environments, but all non-aggressive dogs are welcome. We cannot accept dogs that are in heat, coming in heat, or going out of heat or are in pregnant. Dogs with external parasites will be treated at the owner's expense for the protection of the other dogs in daycamp. Dogs will be evaluated on an ongoing basis and other arrangements must be made for dogs showing aggressive tendencies.

For valuable consideration received, I hereby grant to Leesville Animal Hospital, and their representatives, the irrevocable and unrestricted right to use and publish photographs or videos of my pet(s) or photographs or videos in which my pet(s) is/are included, for publishing specifically on the Leesville Animal Hospital Facebook page, Twitter page, the television for display in the front office and the official Leesville Animal Hospital website and their legal representatives and assigns from all claims and liability relating to said photographs and or videos.

I understand that there are certain risks inherent to a boarding, training, daycare and bathing of dogs, no matter how careful Leesville Animal Hospital is in caring for your pet. These risks range from injury from another animal, escape, or death. The owner understands and assumes these risks in placing their pet with Leesville Animal Hospital, its officers, directors, employees and agents responsible for any loss on account of any such injury, major or minor. Should a medical need or emergency arise, I the undersigned, give permission to Leesville Animal Hospital and its veterinarians for all necessary treatment. I also assume financial responsibility for all charges incurred to patient, and agree to pay all such charges at the time of release of said patient.
